

Wookey Primary School Home Learning Agreement

This agreement is to be used during periods of extended school closure. It is based on the understanding that parents, children and staff need to work in partnership to ensure the continuing education of the children of Wookey Primary School. It sets out clearly the commitment needed from all groups to ensure that the impact of long term disruption is minimised in relation to the children's education.

School

- We acknowledge that the children may spend less time being educated remotely compared to normal time spent in school.
- We acknowledge that not everyone will have easy, regular access to the Internet and that the work we will set will allow for this. We will also set realistic deadlines that allow for differing levels of Internet access.
- We agree to set 3 pieces of work per day for each child via our Seesaw learning platform. One of these will be Literacy based, one will be numeracy based and one will be linked to topics.
- We will provide all parents with a home access code that will enable their children to access their Seesaw learning journal from home.
- We will provide all children with an exercise book to use during their remote education.
- We will provide all children with maths resources to use during their remote education.
- We will give feedback to any learning uploaded by the children to the Seesaw learning platform within 24 hours of it being uploaded.
- We will be available to any parent who wishes to communicate with us through the Seesaw learning platform during normal school hours.

Children

- We will complete all work set for us by our teachers to the best of our ability before any deadline that is set.
- On top of work set we will read daily for an appropriate length of time (15 minutes in KS1, 30 minutes in KS2).
- We will demonstrate our school values of being active, being engaged, being independent and being respectful throughout the time we are remotely educated.

Parents

- We will ensure that our children have access to their Seesaw learning journal (laptop, PC or mobile device) using the home access code that is given by the school.
- We will ensure that our children complete all tasks given to them by school before any set deadline.
