16<sup>th</sup> March 2020

Dear Parent / Carer,

If, as it is looking likely, we are required to close for an extended period of time in the coming weeks, it is going to need a commitment from us all to ensure that the impact on the children's education is minimised.

With that in mind we have put together a document outlining our commitment throughout a protracted closure, as well as the support we will need from parents and children to make the best of the situation we are likely to find ourselves in.

We are very keen to receive feedback on this document, positive or negative. I am sure that you will appreciate we have never faced a situation like this before in school so any comments or suggestions to help us get it as right as we can whilst things continue to develop are also welcomed.

We are in a stronger position than many other schools in that we have a system which supports home school communication already in place. Seesaw is a powerful learning tool and I am pleased to announce that they have introduced home learning codes, which will allow the children to access their learning journal at home on a PC, laptop or mobile device. This will allow us to not only set work during any disruption, but also to give the children feedback on work that they complete and submit to us.

Although we intend Seesaw to be our primary mode of supporting remote learning, we acknowledge that some children may have less online access than others and that this access may also be limited by device availability. We will of course allow for this in terms of type of work set and deadlines for completion.

If you are in agreement, can you please sign the attached document and return it to school by this Friday at the latest.

Thank you for your continued support.

Yours Sincerely,

Andrew Marsh  
Headteacher
